

UpToDate Expert AI: built by clinicians for clinicians

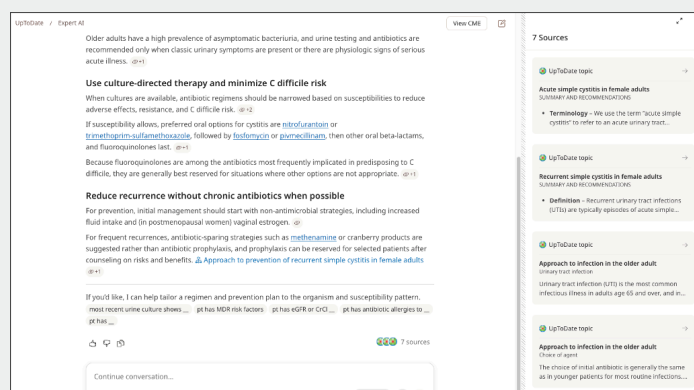

Introducing UpToDate® Expert AI: —
a generative AI-powered experience
designed to deliver fast, evidence-
based clinical insights.

Built to support clinical reasoning, not just retrieval

UpToDate Expert AI is built to mirror your clinical reasoning process. Its conversational interface explains the “why” behind each response by clearly stating assumptions. Recommendations are tailored to the clinical scenario supporting education and help deepening clinical understanding.

Responses are always grounded in UpToDate’s trusted, evidence-based content, with clear citations for full transparency. The “Learn More” section offers suggested follow-up questions to further support clinical reasoning.

**Clinical grade AI built
by clinicians for clinicians**

UpToDate Expert AI is grounded in evidence—not ads—keeping the clinical ‘intelligence clean and focused.
